

Dear Business Leader,

The Glendale Heights Chamber of Commerce has been busy at work during the COVID-19 Pandemic. During the last number of months, we have monitored information from State of Illinois, the Illinois Chamber of Commerce and many others to make sure that the most up to date information for our business partners was made available. We have run on-line programs on many different subjects to try and offer our members opportunities to discuss issues, continue learning and just relax. We held a modified scholarship luncheon to continue our support of local students that decided to continue their education. The one thing we heard was that these kids did not have opportunities like we presented for them to receive the recognition they had worked so hard to attain.

During this last six months, the Glendale Heights Chamber of Commerce Board of Directors made the conscious decision to delay billings and make sure that the business community had the needed time to take care of their own.

Today, I write to you to let you know that we now need to ask each of you to come back to the Chamber so that we can continue to provide you with the programs, information and contacts that you have come to expect from the Glendale Heights Chamber of Commerce.

Included with this letter is a renewal/membership application and we hope that we can count on you to be a part of the Glendale Heights Chamber of Commerce. We have many different levels and we ask that you join at the level that best fits your current situation. The description of what is included is listed but if you have any questions, please contact the Chamber office at 630-909-5361 or send an e-mail to director@glendaleheightschamber.com or contact me directly at 630-287-0908

I look forward to working with you during the remainder of 2020 and 2021. The Glendale Heights Chamber of Commerce is here for you!

Sincerely,

April Hieronymus
